

Last week's episode of Agents of S.H.I.E.L.D. saw Dr. Holden Radcliffe (John Hannah) attempt to steal the Darkhold via his LMD, AIDA. With that plan failing, Radcliffe has now opted for a more nuanced approach by using the duplicate he's created of Agent May (Ming-Na Wen). In a new clip from tonight's episode, &quot;The Patriot&quot;, Radcliffe reveals that his LMD replica of May is a more advanced model than AIDA; it's completely unaware of its designation as an android, something that Radcliffe believes will help him coerce Agent Coulson into divulging the Darkhold's location. Check out the clip below!      “COULSON DISCOVERS A SHOCKING TRUTH ABOUT DIRECTOR MACE, ON ABC'S 'MARVEL'S AGENTS OF S.H.I.E.L.D.' “The Patriot” – Separated from their team, Coulson and Mack discover a shocking secret about Mace, leaving all of S.H.I.E.L.D. in a precarious position, on “Marvel’s Agents of S.H.I.E.L.D.,” TUESDAY, JANUARY 17 (10:00–11:00 p.m. EST), on the ABC Television Network.
