

Who is DR STRANGE? Dr. Stephen Strange was once a gifted but egotistical surgeon who met an accident which rendered his hands useless on his profession. He then sought out a mystic known as The Ancient One to heal his broken hands. Humbled by his ordeal, not only did he gain the use of his hands back he also learned and mastered the Mystic Arts and became Earth's Sorcerer Supreme. The character debuted in Strange Tales #110 (July 1963), he was created by Stan Lee and Steve Ditko. Early stories revealed that Doctor Strange used magical artifacts to augment his power, such as the Cloak of Levitation, the Eye of Agamotto, the Book of the Vishanti, and the Orb of Agamotto. From the first story, Strange's residence, the Sanctum Sanctorum, was a part of the character's mythos. When DR STRANGE first defeated the dreaded demon Dormammu, the Ancient One gifted
