

NetherRealm CEO Ed Boon took to Twitter for a fan poll, asking what guest characters fans would like to see most in Injustice 2. In the first survey, specifically for a guest Mortal Kombat character, the choices were Subzero, Johnny Cage, Raiden and Jax. In the second poll, which looked at bringing in a genre guest character, the choices were Buffy, Hellboy, Terminator and Spawn. Subzero and Spawn were the clear, runaway favorites, taking 52% and 45% respectively. Coming in second place were Raiden at 20% and Hellboy at 21%. Of course, in typical Ed Boon fashion, don't be surprised if ALL of these characters appear as DLC for Injustice 2. Injustice 2 is presently scheduled for release in 2017 for the PlayStation 4 and Xbox One. There is also a free-to-play mobile version in development for iOS and Android devices. Confirmed characters revealed thus far include Superman, Batman, Wonder Woman, Flash, Aquaman, Supergirl, Blue Beetle, Atrocitus, Deadshot Gorilla Grodd and Wonder Woman. Tom Taylor, original
