

This year, with the release of The Avengers, The Amazing Spider-Man and The Dark Knight Rises, box office records were broken all across the world and comic fans rejoiced as they were treated to three critically acclaimed blockbusters that all flew past the \$500M barrier at the box office, as well as the \$1 billion barrier for The Avengers and The Dark Knight Rises. So, now we look forward to the future comic book movies that will be hitting screens next year. In this article, I'm going to lay down my box office predictions for Iron Man 3, Man of Steel, The Wolverine and Thor: The Dark World. I also encourage you all to list your predictions in the comments section below. Iron Man 3 (May 3rd) Opening Weekend: \$160M Worldwide Total: \$850M What It Has Going For It: After the phenomenal success of Marvel's The Avengers, the solo characters in the team
