

In a red carpet interview a good while back Christopher Nolan was asked what the theme of TDKR would be. The question was put to him with the suggestion that Batman Begins was all about fear, while TDK focused more on escalation. The director simply smiled and said something along the lines of: "You will have to wait and see". Well with the official release of the full theatrical trailer for TDKR we may have our first clue. It's clear that fear does play a big part in the plot of Batman Begins, and escalation along with the notion that good does not always triumph over evil is an underlying theme of TDK. There is much more to them too of course, but there is no doubt that Christopher Nolan likes to mix in something else for audiences to chew on aside from the usual CBM staples. This time it could
