

It doesn't take a genius to figure out that comics are filled with larger-than-life superheroes to fulfill our greatest fantasies, but what about the characters that don't have powers? In comic books, there are characters that don't possess abilities but are just as important as the powered heroes. Notable characters of this type are Lois Lane, Amanda Waller, Dick Grayson, The Joker and obviously Batman. However, all of the ones that were just mentioned have indeed been featured in a film regardless if their portrayal was faithful to their comic book persona. Now with the news that Warner Bros. is definitely trying to do a Justice League movie, these characters should appear eventually in their hopeful DC shared universe. Jason Todd/Red Hood Jason Todd deserves to be on the big screen because he is an incredibly badass person; he is a murderous type vigilante who still helps Gotham. Starting out as a rebellious
