

The studio, Variety or Mark Millar can all claim that this has been in development for some time, but the timing does seem a little... convenient. Whatever the situation, when looking at the notion of a Justice League film it becomes extremely difficult to imagine how it's going to work beyond the action level. Now granted you're in safe territory if you start with Superman as there isn't all that much you need to know about him that isn't already in our collective DNA - though one does have to wait to see what the collaboration of Henry Cavill and Zack Snyder will bring. Batman? Well, sure, if you're basing it on the interpretation created between Christopher Nolan and Christian Bale, it would be incredible. But THAT take on the character comes to a close with this summer's The Dark Knight Rises, and Bale has made it clear that he won't be
