

The X-Men is a well known comic book series that many fanboys, like myself, enjoyed for many years. When it gain a cartoon series back in 1992, the team's popularity starts to increase greatly among the general public(unless of course you count that one arcade game with the bad English). And when the X-Men film came out in 1998, every fan out there agreed that the movie will present the X-Men series to the general audience everywhere. The movie was a major sucess and everybody now know who the X-Men are, creating a new found interest in comic books. However as the films progresses, the series begins to fade due plot lines that have failed to captivate people who enjoy them; mostly due to not staying true to continuity to both the comics and its own universe. To me (and basically majority of the people on this site),
