

Netflix has officially announced that Stranger Things season 2 will premiere on Halloween weekend, and they've also released some intriguing first footage in the form of a Super Bowl TV spot. We knew Millie Bobby Brown would be back as Eleven, and we get our first glimpse of her here (those nosebleeds haven't cleared up, anyway), along with brief glimpses of the other main characters, and some seriously apocalyptic looking stuff going on in the night sky as what might well be the Demogorgon's big brother looms over Hawkins. It doesn't give us a whole lot to go on plot-wise, but still a pretty exciting first teaser nonetheless. Check it out below, and let us know what you think in the usual place.
