

Once again, Ewan McGregor has made it clear that he's hoping to reprise the role of Obi-Wan Kenobi on the big screen, and we're once again forced to wonder why Disney and Lucasfilm haven't made it a reality! Talking to Premiere (via Den of Geek), the actor suggested that the character should be given a two-part Star Wars Anthology movie focusing on his time between the prequels and original trilogy. "It would be fun to film that story now [that] I'm older," he said of catching up to the age that Obi-Wan was when we met him in A New Hope. "I'd be the right age. I'm forty-five, Alec Guinness was what, sixty? I could do two of them!" As for how he would live to see this play out, McGregor added: "I hope that they're going to explore different genres under the Star Wars banner. And one of those could be an Obi-Wan Kenobi feature film. Or two! The Obi-Wan Kenobi Story
