

DC comics has a very good writer in their fold in the likes of J.T. Krul. He's someone not afraid to explore controversial topics in his comic runs as readers of Teen Titans and Green Arrow are well aware. Now Krul takes his talents to Captain Atom and will look to tell the story of a character who's had his spotlight stolen by Watchmen's Dr. Manhattan. Listen on as Krul and I discuss what Captain Atom is all about, who will be turning up in his pages, and what the DC relaunch process was like from the creator side. And oh yeah, he also sets the record straight about Green Arrow. Interview Conducted By: Mark Julian JT KRUL -Discusses his current run on Captain Atom -2:19 On whether the current Captain Atom is indeed Nathaniel Adams -3:16 Dr. Manhattan's influence -4:42 On the influence of a particular comic run -5:30 On the Charlton
