

Chances are, if you've been reading Marvel over the last few years then you've seen Skottie Young's evocative artwork in the pages of New X-Men, Cable & Deadpool, and on a slew of various covers. Recently, I had the chance to chat with the immensely talented artist about a wide-range of topics. If you're only a reader of mainstream Marvel titles then you may not know that Skottie provides artwork on the publishers The Marvelous Land of Oz however, his industry peers have definitely noticed. The series has earned Skottie a number of coveted, Eisner Awards. This November, Skottie makes a big splash onto the writing side of comics with the miniseries, Magneto: Not A Hero. Below, you can listen to a few of the topics we discussed, chief amongst them being his endeavor to tell the transition of Erik Lensherr from X-Men villain to X-Men ally.
