

If you haven't figured it out yet, Hamza Javed (hjaved.art) is our go-to guy when we want awesome artwork. He's worked on peices for Green Lantern, Ocean Master and even Mr. Sinister, but this time we have some artwork that's a little different. It's not fan-art of what such-and-such an actor would look like dressed up as a hero or villain; this one is more along the lines of a character portrait or cover. Hamza's Moon Knight / Mark Spector should have you dying for a Moon Knight series on NETFLIX, or his own solo movie, even if you don't know who Moon Knight is. Moon Knight was one of my favorites back in the 90s and I'm trying to get caught up with the more recent title (it's in a pile with all of the other comics that I can't seem to find time to read!). I've included some background information regarding Moon Knight below for those that aren't familiar with the
