

John Carter is already available to buy on DVD, Blu-ray and Blu-ray 3D in the US, but the film will finally be available to buy in the UK on all of the above formats on Monday, July 2nd (it will also be available to download on iTunes and VOD). To celebrate, we've been given these ten fascinating facts to share with you about Andrew Stanton's sci-fi epic. They offer an insight in to just how much work it took to bring the Edgar Rice Burroughs creation to the big screen as well as revealing some fun stories and facts about what went on behind-the-scenes. JOHN CARTER SECRET ONE: TAYLOR KITSCH READ HUNDREDS OF CIVIL WAR LETTERS TO RESEARCH THE ROLE! "The start of the movie takes place during the Civil War," explains actor Taylor Kitsch, who plays John Carter. "To research the role, I sat down with historians at the University Of Texas,
