

Thanks to USA Today, we have yet another new look at Doctor Strange, this time in the form of a featurette which explores the magical side of the Marvel Cinematic Universe and what makes Benedict Cumberbatch right for the role of the Sorcerer Supreme. There aren't too many major reveals here, but as you can see above, there are some very intriguing new piece of footage scattered throughout. SPOILERS: LUKE CAGE - 5 Things It Got Right And 3 Things It Got Wrong Doctor Strange follows the story of neurosurgeon Doctor Stephen Strange who, after a horrific car accident, discovers the hidden world of magic and alternate dimensions. Set for release on November 4th, later this year, the cast includes Benedict Cumberbatch, Chiwetel Ejiofor, Rachel McAdams, Benedict Wong, Michael Stuhlbarg, Mads Mikkelsen, Tilda Swinton, and maybe even Robert Downey Jr.
