

The small screen version of The Flash has mastered his powers fairly quickly, but based on new comments from Fantastic Beasts and Where to Find Them star Ezra Miller, his Scarlet Speedster will be struggling to master his powers in both Justice League and his own solo outing. Talking to IGN, he revealed that while Barry will learn more about harnessing the Speed Force when he teams up with the likes of Batman and Superman, the Fastest Man Alive will remain a hero in training for some time. "I certainly think it will represent the next stage," he said of The Flash's upcoming movie. "What I find fascinating is that we're still very much amateur-hour Speedster. I'd love for the series to track an evolution of Barry Allen's early times as The Flash. Like, I love this comic 'Kingdom Come' - unbelievable art - and in that The Flash is fully evolved, and you never even see him, right? It's just like
