

Artist Guy Bourraine Jr has produced another fan poster for an unfortunately fictitious 2015 Batman Beyond movie. This one ditches the tagline and gives us a better look at the details on the nifty suit he has designed for the character. In the last article a few of you said you weren't too familiar with the cartoon so here are some details.. Batman Beyond (known as Batman of the Future in Europe, Australia, Japan, and Mexico) is an American animated television series created by Warner Bros. Animation in collaboration with DC Comics as a continuation of the Batman legacy. Depicting the teenager Terry McGinnis as a new Batman in a futuristic Gotham City under the tutelage of an elderly Bruce Wayne, the series began airing on January 10, 1999, and ended its run on December 18, 2001. Batman Beyond is said to explore the darker side of many Batman projects, playing on key
