

Since "TurtleGate" it's been all about those four young crime fighting amphibians here on CBM (you may have noticed!), and here are some great fan made concept designs from Gloooscap. As you can see he does change up the classic look of Raph, Don, Mikey and Leo quite a bit but I think it works well. We also have takes on Splinter, Casey Jones, April O'Neil, Shredder with two members of The Foot Clan, Leatherhead (although I think he might have mixed Baxter Stockman in there), Karai, and Usagi Yojimbo.. Granted they're not exactly "dark and gritty", but I don't necessarily feel they should be. These designs are pretty spot on I think. What do you guys think?
