

We've seen some really good fan made teaser posters over the past few weeks and months for The Dark Knight Rises, and while we only have the one atmospheric (yet unrevealing) official release, it looks like Warner Bros. are going to have to pull out all the stops to top some of these! The following two posters are up on eBay being sold for \$5+, but what do you guys make of them? I have absolutely no idea who they were actually created by, but if it's you, be sure to get in touch and let us know! This poster is also up for sale on the site, seemingly created by the same person. STARRING: Christian Bale as Bruce Wayne/Batman Michael Caine as Alfred Gary Oldman as Commissioner Jim Gordon Morgan Freeman as Lucius Fox Tom Hardy as Bane Anne Hathaway as Selina Kyle/Catwoman Joseph Gordon-Levitt as John Blake Marion Cotillard as Miranda Tate Josh Pence as Ra's Al Ghul RELEASE DATE: July
