

PAC-MAN The Movie (The Fan Film) and its associated trailers are fan-made shorts created to celebrate the awesomeness that is (and will always be) Pac-Man. The beginning part of the video is a message Dr.Light records over 100 years ago, his lab is now abandoned. As the camera moves into the capsule you see a still running testing parameter where Mega Man X fights a hologram or drone in the form of Protoman. The reason I chose to use Protoman, was for the mystery surrounding him it's never officially said what happens to him. So after this test ends with a charged blast from X he faces a choice to kill but he chooses to show mercy, After which a hologram appears telling him that his testing is done. What isn't seen is who brought him out of the capsule which of course is Dr.Cain, maybe for another time. I didn't have a
