

This trailer could use a bit of work in some areas but I think the overall tone is very impressive and it certainly seems to evoke the mood of the Deadpool script that leaked a while back. In other words, batshit crazy. Have a look.. Pretty good eh? I think there must be over 10 different movies in there. Including Gi Joe: Rise Of Cobra but we won't hold that against jremoviebuff. Check out his Youtube channel at the link below. By TwitterButtons.com
