

In anticipation for the expansion of Marvel Studios' cinematic universe, dubbed Phase two, fans aspiring to be graphic designers, and a few already pros, have submitted a plethora of artwork on DeviantArt and CGHUB. While a majority are posters, the digital artwork spotlights Iron Man 3, Thor: The Dark World, Captain America: The Winter Soldier, the Guardians of the Galaxy villain, and The Avengers sequel among films in development. And organized in that order, with the title and artist listed below each piece, observe the art below!
