

This time last year, if you had asked any comic book reader to name their favourite superhero, it's unlikely that you would have heard too many of them mentioning Aquaman. However, "The New 52" relaunch by DC Comics arguably changed all of that. Openly acknowledging the fact that many consider him to be a joke, Geoff Johns has completely changed how fans look at the character and made him a pivotal member of the Justice League. So, I think it's fair to say that it's about time Aquaman got the chance to make his big screen debut. Below are five actors who I believe should be considered to do exactly that in the planned superhero team-up movie. Check them out below and sound off with your thoughts in the usual place.

5. **SAM WORTHINGTON** Sam Worthington has shown off his action chops in everything from Avatar to Terminator Salvation and Wrath of the
