many, 2016 was a bit of a disappointing year for the ol' superhero flicks (though personally I
think we got some terrific movies), and they'll be hoping the next 12 months delivers the goods.
It's certainly shaping up that way, though at this stage fans seem to have learned to manage
their expectations a little. Regardless, we're confident that 2017 won't let us down, and below
you'll find our most highly anticipated films of the year from 5-1. For this list we focused only on
movies based on comic books, just in case you were wondering
