

var l_ttlPages = 5; var l_url = location.pathname.replace(location.hash, ""); var qs = (function(a) { if (a == "") return {}; var b = {}; for (var i = 0; i 2 && l_page I shared my worst of 2016 list with you guys last week, and as new year's eve looms, here are the comic book flicks I consider to be the very best of the past 12 months. The general consensus seems to be that 2016 wasn't really a great year for movies - CBMs in particular - and while we definitely had our share of disappointments, there were a few gems in there too. Plus, while I had to draft in a few films we covered that didn't really qualify as actual comic book-based movies (Ghostbusters, Warcraft etc)
