

Ridley Scott's sci-fi epic, Prometheus hit cinemas this past June, and grossed an impressive \$300M worldwide. And now, this October, Fox are bringing the film to Blu-ray and DVD, with boat loads of special features included. Check out the final cover art for the release (via the Weyland Investors Twitter page) down below! In the distant future, two superpowers control Earth and fight each other for all the solar system's natural resources. When one side dispatches a team to a distant planet to terraform it for human colonization, the team discovers an indigenous race of bio-mechanoid killers. Ridley Scott, director of 'Alien' and 'Blade Runner,' returns to the genre he helped define. With PROMETHEUS, he creates a groundbreaking mythology, in which a team of explorers discover a clue to the origins of mankind on Earth, leading them on a thrilling journey to the darkest corners of the universe. There, they must fight
