

Source: E! If you've been following my reviews for each Season Two Episode of The Walking Dead, then you know that I am a huge fan of the show. However, one complaint I frequently voice is the fact that each episode seemingly brings more questions while not answering the mysteries created in prior episodes. One of the big questions raised in the first season was what did Dr. Jenner whisper in Rick's ear at the end of Season One. Many fans have speculated that Jenner told Rick that Lori was pregnant and it looks like Episode 204, "Cherokee Rose" will finally address that question. Here's what E! Online scooper specialist Kristin Dos Santos provides: Is Lori pregnant on The Walking Dead? Gotta know if they're gonna follow the comic books on this one. Get ready to wave your magic pregnancy wand, because the answer to your question—either a blue plus
