

The CW has sent out these promotional images from episode 5 of Arrow, titled "Damaged". The picture descriptions reveal that Byron Mann will play Yao Fei, who appeared at the end of last week's episode and struck Oliver in the torso with an arrow. However, we do not yet know his connection to the island or Deathstroke. Stay tuned to The CW's Arrow next week to get your first look at Yao Fei. Head over to GreenArrowTV for more images from "Damaged".
