

With the highly anticipated Jose Padilha helmed Robocop remake starting production today, ComingSoon.net have revealed these great photos of Joel Kinnaman's Alex Murphy in the full RoboCop suit. However, we don't know which version of the suit this is, as a recent script leak seemingly revealed that there will be four different versions. Perhaps this is just one of the "modes" Robocop will be using in the film? What do you think of the new design? Sound off with your thoughts in the comments section below!
