Thanks to "Blader5489" over on the SHH Forums, we have our first look at Denis Leary as Captain George Stacy on the set of the Marc Webb helmed reboot which has still not revealed its official title despite a picture of Andrew Garfield in the suit being released yesterday. This picture was clearly taken on the same day that helicopter was seen taking off from the school being used in the movie, but does he look how you imagined the character should? Is he a better choice than Spider-Man 3's James Cromwell? Be sure to share your thoughts in the usual place! UPDATE: Spider-Man is set to be released in 3D on July 3, 2012!
