

2000AD.Wordpress have come across the following teaser poster which was put up on Flickr with the claim that, "my friends dad worked on the new judge dredd movie and he gave me this which is a sort of advance poster to promote the movie which wont be out until next year." It's hard to tell whether or not this is the real deal, but use the "Like" and "Dislike" buttons below to confirm or debunk its authenticity! DREDD takes us to the wild streets of Mega City One, the lone oasis of quasi-civilization on Cursed Earth. Judge Dredd (Karl Urban) is the most feared of elite Street Judges, with the power to enforce the law, sentence offenders and execute them on the spot – if necessary. The endlessly inventive mind of writer Alex Garland and the frenetic vision of director Peter Travis bring DREDD to life as a futuristic neo-noir action film
