

While it's a shame that it's dubbed over in French, that doesn't stop the first trailer for Mission Impossible: Ghost Protocol being downright awesome looking! The following was leaked online earlier today (thanks to Paul for the heads up) but stay tuned for the official English language version soon, especially as it's expected to debut alongside Transformers: Dark of the Moon later this week. Directed by Brad Bird, Mission Impossible: Ghost Protocol stars Tom Cruise, Jeremy Renner, Ving Rhames, Simon Pegg, Josh Holloway and Paula Patton, and is set to be released on December 16th, later this year.
