

Frank Miller and David Mazzucchelli's seminal comic book series, Batman: Year One, makes its way to the animated small screen with this Warner Premiere production. The story follows James Gordon (voiced by Bryan Cranston) during his early years on the force just as the vigilante Batman (Ben McKenzie) targets both the corrupt police officials and the crime-ridden streets for a clean-up. In addition, we have some concept art images below...

Batman: Year One hits DVD/Blu-Ray/Digital Download October 18th, later this year!
