

There really aren't that many moments in the latest trailer for The Avengers which you will have missed - in fact, I find it hard to imagine you failed to spot any of the moments listed below! Even so, I still think they warrant some discussion, and the lack of anything particularly revealing was more than made up for by the breathtaking and downright epic action sequences and money shots. Be sure to sound off with your thoughts on these in the usual place as well as anything of any particular interest you spotted. Maria Hill We've caught a few snippets of Maria Hill here and there in the earlier trailers, but this is our first real close up Cobie Smulders playing the Brian Michael Bendis created character. While she doesn't have any dialogue, there can be no doubting the fact that the How I Met Your Mother star certainly looks the
