

I'm sure most of you remember the cast that would have brought the Justice League to life in George Miller's vision of the DC superteam, before the movie was scrapped, leaving said cast extremely disappointed indeed. Well now Aussie supermodel cum actress Megan Gale will have a chance to be a part of another highly anticipated big screen project with Miller, as he has cast her in Mad Max: Fury Road. Her role is a mystery for now, but Moviehole have details on some other cast additions. Joining Gale, Tom Hardy and Charlize Theron, are Nathan Jones as Rictus Erectus, Nicholas Hoult as Nux, Hugh Keays-Byrne (who was set to play Martian Manhunter alongside Gale) as Immortan Joe, and Zoe Kravitz, Riley Keough, and Rosie Huntington-Whiteley as 'the wives'. Also onboard are Supermodel Abbey Lee Kershaw, playing The Dag; Courtney Eaton has been cast as Fragile; Josh Helman is Silt; Jennifer
