

We don't cover these XXX comic book parodies too often, but this one was too juicy not to. According to Bleeding Cool, former WWE pro-wrestler Joanie "Chyna" Laurer will play The Green Goliath's Cousin in She Hulk XXX. At one time Chyna was a major player in WWE and is still considered one of the most popular female wrestlers of all time. Recently she has turned her attention to adult entertainment though, hence going green for this. What's interesting is Chyna is often fan-cast by people (though who knows why) wanting to see her play She-Hulk on the big screen. Well, now you will! But on a small screen, and y'know, shagging people. She will be joined by Gracie Glam, Lexie Belle, Jennifer Dark, Nicole Aniston, Alexis Texas, Mark Wood, Alec Knight, Alan Stafford, Ryan Driller, Dale Dabone and Eric Masterson. Filming is expected to commence in March.
