

When comic book writer and artist Frank Miller decided to share his thoughts on the Occupy Wall Street Movement, the reaction was not a good one. Of course, that's an entirely different story. (if you'd like to know more click [HERE](#)) Now, it's Batman who has come face to face with the protesters, and the results are somewhat different! The guys over at Dorkly came up with the video and it was discovered by Comics Alliance .
