

The official website for The Amazing Spider-Man has now been updated with the worldwide release dates for the highly anticipated 3D movie. Japan gets it first, and the Ukraine get it last. Meanwhile, it's the US who get the movie before the UK (but only by a day) which will surely make those of you still feeling bitter about the Brits getting The Avengers a whole week sooner, just a little better. STARRING: Andrew Garfield as Peter Parker/Spider-Man Emma Stone as Gwen Stacy Rhys Ifans as Curt Connors/The Lizard Martin Sheen as Uncle Ben Sally Fields as Aunt May Denis Leary as George Stacy RELEASE DATE: July 3rd, 2012.
