

Images Courtesy of Film Sketchr (Click Images to Enlarge) Click Here To See Gwen Stacy & More Spider-Man Costume Designs Besides Felipe Sanchez supplying Film Sketchr with his costume illustrations he also provided some insight behind the designs "I was thrilled to work on style lines, web patterns and color blocks for the suit, gloves, boots and mask, but I have to say: What impressed me the most about working on Spider-Man was the 'full circle' journey the ideas for the suit took from the original, vintage character to the end result. The exploration started with a broad scope of possibilities using Organic Life morphed with Advanced Technology, followed by a focus on Active Speed-Sport gear, then refined and developed to a plausible, Peter Parker invention. The concept coverage left no stone unturned for the 'right new look.'" "The payoff: A new suit design emerged with the Classic Formula respected, updated and enhanced. It was
