

Deadline reports that The Amazing Spider-Man and Savages are two of the latest acquisitions by FX. Both will reportedly air in late 2014. This has been a great year for the network as they have managed to pick up the rights to the likes of Marvel's The Avengers, Men in Black 3, Snow White and the Huntsman, Prometheus, Abraham Lincoln: Vampire Hunter and Battleship. Will you be waiting until The Amazing Spider-Man hits the small screen to watch it again or do you plan on pre-ordering the DVD/Blu-ray as soon as possible? Sound off with your thoughts in the usual place. Check out my interview with Marc Webb [HERE](#) and be sure to click [HERE](#) to read my 4* review of The Amazing Spider-Man. The Amazing Spider-Man is the story of Peter Parker (Garfield), an outcast high schooler who was abandoned by his parents as a boy, leaving him to be raised
