

Fans of the first season of HBO's epic fantasy series will probably recall a scene towards the end of the last episode-"Fire And Blood", in which Arya has a gander into a cage containing 3 prisoners. One was this handsome chap.. He was supposed to be Rorge. In a story full of nasty characters this guy has to be one of the worst. I won't even get into some of the atrocities he commits over the course of George R.R Martin's books but providing the show doesn't shy away from some of them you will most likely get to see for yourselves. Anyway, the character has been recast for season 2 and will be played by Andy Beckwith who is known for playing some particularly tough, no nonsense types in movies like Snatch and Jet Li actioner Unleashed. In the books Rorge has no nose. it will be interesting to see if
