

Check out what must be the first wave (no ladies in this lot) of action figures for the upcoming sequel to Gi Joe: Rise Of Cobra. As you can see we will be getting a much more comic/cartoon friendly version of Cobra Commander at least. We also have some mild plot hints with the character descriptions, but it's not really anything we didn't already know or guess at.. To see the rest of the full body pics click the link back to USA Today below.
