

The Blu-ray 2D version of Green Lantern will include a new extended cut that runs at 120 minutes, in addition to the theatrical cut at 114 minutes. Warner has offered no hint as to what those extra minutes will include. What WB isn't actively promoting is that both the Blu-ray 2D and 3D versions will also include a Playstation 3 Sinestro Corp Batman skin for Batman: Arkham City that will allow Batman to wear a yellow suit and fight crime with the power of fear in single and multiplayer modes. The suit will be a PS3 exclusive. For more details about the extra's in the Green Lantern DVD/Blu-ray pack check out Ed's Article. After the Green Lantern Corps was restarted with the return of Hal Jordan, the Sinestro Corps began actively recruiting members, offering yellow power rings and a role in the Corps to those who can "instill great fear". During this
