

While we still don't know the actual numbers, according to The Hollywood Reporter, Martin Campbell's comic book adaptation Green Lantern starring Ryan Reynolds was #2 on the chart, during the first three days of release on DVD and Blu-Ray: "Warner Home Video's Green Lantern was the top seller on the Nielsen VideoScan First Alert sales chart, even though it came out on a Friday instead of the traditional Tuesday and thus was only tracked for three rather than six days. Green Lantern was No. 2, with unit sales just a hair below, while Horrible Bosses finished third." Hopefully, we will get the numbers soon, and see if the film made some money, because right now, I'm guessing studio is hoping for good DVD and Blu-Ray numbers. In a universe as vast as it is mysterious, a small but powerful force has existed for centuries. Protectors of peace and justice, they are
