

Being a comic book/sci-fi fan means we are never short of a few cool ideas for a Halloween costume. But if you find yourself without the time or the skill to make your own from scratch there are a few decent store bought options. Here are a selection of costumes that may appeal to you guys. Some are pretty bad but I posted em for the laugh anyway.

Well any favorites? I was actually thinking of Liono this year myself..but that mask would be replaced by face-paint. By TwitterButtons.com
