

Killer Croc said pretty much nothing in the theatrical cut of Suicide Squad, but it appears as if we can expect at least a little more from him in the upcoming extended version of the movie. As you can see in the clip below, he really doesn't appreciate Harley Quinn's attempts to get under his skin, and if it wasn't for the fact that the scaly villain doesn't dig crazy chicks, he'd bite her head straight off. SPOILERS: SUICIDE SQUAD - 10 Awesome Easter Eggs You May Have Missed It remains to be seen what the rest of the new scenes look like, though we did get one a little earlier today featuring Harleen Quinzel and The Joker. The latter is someone many fans would appreciate more of, but moments like this which further establish the team's dynamic would be no bad thing. What do you guys think of this scene? As always, let us know your thoughts in the comments section.
