First of all, let me get this off my chest: Hey, Mickey Rourke, Fuck you, you fucking weird looking plastic surgery botch-job, you half a friggin monster. What happened to your face after Rumblefish? You look like Dr. Erskine injected a bad batch of Super Soldier serum into your cheeks and lips. Immortals is a bigger failure than Iron Man 2 and no amount of 'layers' you thought you put into yet another bad guy role is going to change that. Don't you dare slander the Marvel name because you were in a mediocre movie. I'm sorry they scrapped some of your scenes, but Mickey, it's only a 2 hour movie. They have to edit, guy. Did you really have some hang-your-head-out-of-the-police car scene like Ledger that got scrapped? Not likely. Anyway, I am sure if you'd a died, they would have included more of your stellar performance. Really. Ok, ahem, I
