

The Empire Strikes Back is widely considered the best Star Wars movie of the seven (eight if you include Rogue One), hence why the Honest Trailer below fails to find too many faults with the beloved release. They do however find lots of very funny nitpicks to zero in on, with some of the movie's sillier moments understandably coming under fire here. Does that mean it's not perfect? Not necessarily! Based on the reviews for Rogue One: A Star Wars Story, that's not going to trouble The Empire Strikes Back when it comes to being such a fan-favourite movie, but there are those who have said it's the franchise's best efforts to date! We'll find out for sure when it's released this coming weekend, but for now, be sure to share your comments on the content in this Honest Trailer in the comments section.
