

The latest scoop is that an extra in the battle scene was tossing punches next to Matthew Modine and his badge didn't say Nixon. The badge actually had "Fynch" on the name tag. Maybe he is related to the first D.A., the guy killed in Batman Begins, Katie Holmes' boss. But that name was spelled "Finch" in the credits, but I never saw the name spelled in the film, so maybe, but its pure speculation on my part.
