

While promoting Ridley Scott's Prometheus thriller, actor Idris Elba sat down with MTV News and discussed his much-anticipated reprisal as Heimdall in Marvel Studios' Thor follow-up. Revealing that he has seen an outline of the story, Elba also says his role as the 'Guardian of the Worlds' has been expanded, among other things. Get More: Movie Trailers, Movies Blog "I'm actually excited about it," Idris Elba said. "I literally just did a costume fitting the other day." Revealing that he has already seen an outline of the sequel's story, he's mostly anticipating Heimdall's expanded role. "Definitely Heimdall's more involved, but also, what's more involved is who the Asgardians are," he said. "I think we'll see a sense of that. It's a huge film, 'Thor 2,' but I also think it's micro in a way that you start to look at people, who they are a little bit more." For those
